CREATE. CONVERSE. CHANGE

MEET

Nirmaan

We welcome you to **Nirmaan Model United Nations**, the inaugural conference of **the Indraja Foundation** — not as an event, but as the beginning of something far greater.

Nirmaan is not just a name. It is a statement.

A statement that something is being built, deliberately, unapologetically, and with purpose. As Indraja's debut conference, Nirmaan is where vision takes form. It is where ideas are not just discussed, but constructed, challenged, and redefined. We are not here to replicate what has already been done — we are here to set a standard that others will strive to reach.

At Nirmaan, **diplomacy is not performative**. Debate is not mechanical. And participation is not passive. Every room demands substance. Every voice carries weight. Every moment is designed to push you beyond the expected.

This conference stands on the belief that **youth are not waiting for change; they are creating it**. And here, you are not just delegates. You are builders of perspective, architects of discourse, and drivers of impact.

Backed by a relentless team, a sharp Executive Board, and agendas that demand more than surface-level understanding, Nirmaan promises an experience that is intense, transformative, and impossible to forget.

This is not just a conference.

This is the foundation of a legacy.

This is Nirmaan MUN.

Create. Converse. Change.

hi, it's your

Founder

Nirmaan is... a little personal to me.

It comes from this constant feeling that we're capable of so much more than what we're usually given space for. And at some point, I just decided — why not create that space?

As the debut conference of the Indraja Foundation, Nirmaan is where it all begins. Not just another MUN, but something that actually means something.

I'm not looking for perfect speeches or textbook diplomacy here. I'm looking for real thoughts, strong opinions, and people who aren't afraid to stand by them.

So don't come here just to "participate."
Come a little curious, a little bold, maybe even a little rebellious.
Because honestly?
That's where the best conversations begin

And with this, I welcome you to Nirmaan Model United Nations 2026

— Kavya Nidhi
Founder, Nirmaan MUN & Indraja Foundation
